**Crash Synopsis:**

This crash occurred on 03/22/24 at approximately 1923 hours in the area of 323 valley Rd, Upper Bern Township, Berks County, PA. At the scene of the crash the roadway is a two lane roadway that has a slight decline and a left hand curve. At the time of the crash the roadway was dry and there were no adverse weather conditions. No injuries were reported and Unit 1 was towed from the scene by a friend due to having front end issues.

Based upon my crash investigation and operator interview, this crash occurred as Unit 1 was traveling South on Valley Rd. Unit 1 was traveling downhill towards the left hand curve. Unit 1 apparently had air in the brakes as when the operator applied the brakes they did not work. Unit 1 was unable to make the left hand curve and traveled off the roadway. Unit 1 attempted to go between two trees that were roadside. Unit 1 struck on the trees and continued a short distance into an open area where Unit 1 came to final rest.
