Crash Synopsis:

This two-vehicle crash occurred as Unit 1 failed to stop at a stop sign on Frostburg Road, drove straight through the intersection across Sprankle Mills road and onto Wachob Road, in front of Unit 2. Sprankle Mills Road is a two-lane paved state highway which traverses east and west and is separated by a double yellow line. At the location of this crash Sprankle Mills road is a 45 MPH zone. Unit 1 was traveling northbound and Unit 2 was traveling westbound at the time of this crash.

- Unit 1 sustained air bag deployment to the curtain airbags on the passenger's side.
- Unit 2 at its position of final rest facing west on Sprankle Mills Road with functional damage to its 1
